Byzantine education was the product of an ancient Greek educational tradition that stretched back to the 5th century BC. It comprised a tripartite system of education that, taking shape during the Hellenistic era, was maintained, with inevitable changes, up until the fall of Constantinople. The stages of education were the elementary school, where pupils ranged from six to ten years, secondary ...

(For policy makers and teachers) (October 30, 2012) Curriculum Teaching Geometry According to the Common Core Standards (For teachers of grades 4-12 and educators) (January 1, 2012. Third revision: October 10, 2013)

Hung-Hsi Wu's Home Page - University of California, Berkeley

Teachers should also teach students different methods for solving a problem and encourage students to consider alternative problem-solving methods if a particular strategy proves unrewarding. It is helpful for teachers and parents to model different problem-solving methods for every day problems that arise from time to time.

Creationism is the religious belief that nature, and aspects such as the universe, Earth, life, and humans, originated with supernatural acts of divine creation.. In its broadest sense, creationism includes a continuum of religious views, which vary in their acceptance or rejection of scientific explanations such as evolution that describe the origin and development of natural phenomena.
