A film, also called a movie, motion picture or moving picture, is a work of visual art used to simulate experiences that communicate ideas, stories, perceptions, feelings, beauty, or atmosphere through the use of moving images. These images are generally accompanied by sound, and more rarely, other sensory stimulations. The word "cinema", short for cinematography, is often used to refer to ...

When I told my dad I was going to grad school for nuclear engineering, he gifted me his first edition copy of Knoll from the 70s/80s. I had to order the 4th edition due to several updates, and they both sit happily next to each other on my shelf. As other reviewers said, this book is indispensable.
