\*Schneewind, J. B. Sidgwick’s Ethics and Victorian Moral Philosophy. Oxford: Clarendon Press, 1977. Still easily the best extant treatment of Victorian moral philosophy; includes extremely valuable examination of the conflict between utilitarianism and intuitionism. Sen, Amartya, and Bernard Williams, eds. Utilitarianism and Beyond. Cambridge ...

### Mill, John Stuart | Internet Encyclopedia of Philosophy

Hedonism, the Case for Pleasure as a Good. Hedonism is a theory of well-being — a theory of how well a life is going for the person living that life. [4] What separates Hedonism from other theories of well-being is that the hedonist believes that what defines a successful life is directly related to the amount of pleasure in that life; no other factors are relevant at all.

### Utilitarianism - Philosophical Thought

Messkirch was then a quiet, conservative, religious rural town, and as such was a formative influence on Heidegger and his philosophical thought. In 1909 he spent two weeks in the Jesuit order before leaving (probably on health grounds) to study theology at the University of Freiburg. In 1911 he switched subjects, to philosophy.

### Martin Heidegger (Stanford Encyclopedia of Philosophy)

The course will cover quality and safety education for nurses (QSEN), the nursing scope of practice as defined by the American Nurses Association (ANA), the Institute of Medicine’s (IOM’s) core competencies in collaborative care, nursing ethics, education, health promotion, and disease prevention, as they relate to professional nursing roles.

What kind of obligations are relevant when we wish to assess whether a belief, rather than an action, is justified or unjustified?Whereas when we evaluate an action, we are interested in assessing the action from either a moral or a prudential point of view, when it comes to beliefs, what matters may be something else. [] e.g., the pursuit of truth, or of understanding, or of knowledge.

### Epistemology (Stanford Encyclopedia of Philosophy)

The organization has also criticized laws and policies which require the husband's consent for a woman to use reproductive health services as being discriminatory and dangerous to women's health and life: "[F]or the woman who needs her husband's consent to get contraception, the consequences of discrimination can be serious—even fatal".
