A nightmare, also known as a bad dream, is an unpleasant dream that can cause a strong emotional response from the mind, typically fear but also despair, anxiety or great sadness. However, psychological nomenclature differentiates between nightmares and bad dreams; specifically, people remain asleep during bad dreams, whereas nightmares can awaken individuals.

Summary: There is no standard definition of what constitutes a mass shooting, and different data sources—such as media outlets, academic researchers, and law enforcement agencies—frequently use different definitions when discussing and analyzing mass shootings. For instance, when various organizations measure and report on mass shootings, the criteria they use in counting such events might ...

Fake news is false or misleading information presented as news. It often has the aim of damaging the reputation of a person or entity, or making money through advertising revenue. However, the term does not have a fixed definition, and has been applied more broadly to include any type of false information, including unintentional and unconscious mechanisms, and also by high-profile individuals ...

Fake news - Wikipedia

L'avortement est une pratique de régulation de la fécondité utilisée par les femmes en cas d'absence ou d'échec de la contraception. Les législations régulant sa pratique vont, selon les pays, de l'autorisation à la demande de la femme à un accès restrictif voire une interdiction totale. Lorsqu'il est acquis, ce droit est fréquemment remis en question.
