A construction kit is a set of loops and sounds which are designed to work together and which can usually be used to construct a complete backing track. Therefore, it might include a number of different loops, all at the same tempo, with the same groove, in the same key, and based on the same chord progression.

Construction kits and loops | Modern Producers

An illustrated Construction Manual describes each step, from the installation of the sills to the roof, all in simple, easy-to-understand language. Depending on the kit, options include stairs, dormers, loft floor openings, porches and decks and a variety of trim and soffits. We will gladly work with you on the design of your kit.

Corporate kits may be purchased from a legal stationery store. A corporate kit usually contains a corporate seal, blank stock certificates and forms for the adoption of by-laws and recording the minutes of meetings. Rather than composing their own forms, some may find it easier to use the preprinted forms provided in a corporate kit.
