We had to take and pass many math classes throughout nursing school. We also had to take and pass the ever-painful pharmacology course as well. Med math for nurses and pharmacology absolutely go hand-in-hand, and we know this connection is so important that we created a course to help you not only get through pharmacology but truly understand it.

This article explicates the author's Theory of Reflective Practice in Nursing and its philosophical underpinnings. The Theory of Reflective Practice in Nursing is a middle-range theory. It mainly proposes that nurses must practice reflection-before-action, reflection-in-action, reflection-on-action, and reflection-beyond-action to advance nursing practice.
