We went over hundreds of candidates for public office, elected political leaders, legislators at local state and national level, closely observing their adaptation to the new challenges, as the enticement of the millennial vote, the temptation to fall for the easy money and their campaigns' fundraising, and their creativity to thrive in the midst of the troubled waters of national politics.

We have nominated who we believe are the most influential ...

Mexico - Mexico - Demographic trends: Mexico's population grew more than sixfold from 1910 to the early 21st century. The rate of natural increase began to rise rapidly in the 1940s because of marked improvements in health care standards and food supplies. There have been drastic declines in the death rate, and infant mortality, although still quite high in comparison with more-developed ...
